

# Footboard

565 071 691

ŠKODA KODIAQ (NS)

**Material:** Stainless steel, plastic

**Color:** Black / silver

## Practical accessory | Sporty style | Quality

Adding to the ŠKODA KODIAQ's luxury look, our exclusive, stylish **footboards** from stainless steel from the ŠKODA Genuine Accessories portfolio are designed for all who want to differentiate their car from others. Besides **making it more comfortable for you to get in and out of your car**, the footboards also make your life easier when loading various objects on the car's roof (bicycles, skis and objects stored in the roof box). To guarantee a high load capacity (up to 300 kg) and resistance to damage, the footboards are made primarily of metal, and are designed to ensure that their contact surface perfectly copies that of the door sills (in order to prevent body corrosion). To reduce the risk of slipping on the footboard in bad weather, its tread surface is fitted with an **anti-slip rubber liner**.

The installation involves the following items that need to be ordered from the ŠKODA Genuine Accessories range:

Seals for the left and right footboards / **565 071 830**

**Installation time:** 210 TUs

**Load capacity:**

Local - 150 kg  
Overall - 300 kg

**Set contents:**

Left footboard, bottom cover, rivet nuts (4), consoles (4), supports (4), seals (4), fixing material (screws, nuts, rivets), installation manual.

**Fastening:** On the **left door sill**.

**Maintenance:**

Maintenance-free - in a car wash or manually, using ordinary detergents. Do not use abrasive cleaning agents and/or chemical solvents.

**Limitations:**

Cannot be used in combination with front mud flaps. **The footboard for the right side of the vehicle, Order No. 565 071 691A, has to be ordered along with the left one.**

**Guarantee:** 24 months.

Considering the demands placed on the installation, we recommend having the product installed by ŠKODA AUTO-authorized service partners.

**Weight:** 7.472 kg
