

Textile mats for third row of seats

565 061 450

ŠKODA KODIAQ

Material: PP 400g/m²

Simplicity | Protection | Quality | Tests

Practical and simple, the textile foot mats for the third row of seats for the 7-seater ŠKODA KODIAQ are an excellent choice from the ŠKODA Original Accessories range. These mats are the perfect complement to the conventional textile foot mat set, offering **greater protection for the floor** in front of the third row of seats. Thanks to their shape, they perfectly cover the footwell floor. **The mats trap any dirt and moisture**, and are non-slip. They can be taken out at any time, and can be easily cleaned thanks to their superior quality and the density of the fabric. Rigorous **performance tests** - carried out by ŠKODA as part of a long-range test drive of more than 30,000 km - **have shown the mats to have a long service life and excellent resistance to wear and tear.**
